

INTEROFFICE MEMO

Bennington College

To Eleanor Metcalf

Date 5/6/42

From Miss Shelly's office

Re:

We have received a number of complaints about students bringing light lunches, cookies and soft drinks to conferences, lectures and forums. There used to be a custom of the College which ruled this sort of thing out. We wish it could be put into effect again so that the hideous sounds of munching students and rolling bottles could be eliminated from meetings. Will you please take up this complaint with the College Council and see what steps they wish to take?

action taken { note in college week
brought up in house meetings
