

## GALLEY

The danger of fire at Bennington is significant. We all know that every building on this campus is very vulnerable to fire. It is highly important to know how to prevent fires as well as to know how to deal with them when they do occur. It is absolutely essential that evacuation procedures be immediate and automatic. The recent fire at Cornell emphatically demonstrates the importance of taking the fire procedures seriously.

## ALARM SIGNALS

- 1- All Clear
- 2- Jennings Area
- 3- Barn Area
- 4- Dewey-Swan Area (East Side student  
houses)
