Dear Miss Mitcalf,

In respond to your desire to learn more about my country and the youth of the Soviet Union, which you expressed in the conversation with me during my visit at your University together with the United Nations War heroes, I am gladly mailing you herewith a special publication of the Embassy of the U.S.S.R. at Washington, D.C. and three pamphlets on the life and education of the Soviet youth, published in Moscow in 1939.

May I advise you, that such pamphlets and other Soviet Union publications you may be able to order in the Four Continent Book Corporation, 253 Fifth Avenue, New York City,

With much respect,

I remain,

Sincerely yours,
