Dr. Robert D. Leigh.
Bennington College.
Bennington, Vermont.

Dear Dr. Leigh: -

One of my friends and neighbors in Woodstock, the sculptor Alfeo Faggi, is at present having an exhibition of 26 drawings at Andover and he wondered if Bennington College would be interested in showing the drawings when the exhibition closes at Andover? Faggi is one of the foremost sculptors in America today and his drawings are masterly.

Yours sincerely
Carl Eric Lindin.

P.S. I think the exhibition at Andover closes next week.

May 19, 1934

Mr. Park says yes to this. The date would have to be settled. He expects to have an exhibition from the White Studios in New York to follow the present one, in order to encourage interest in field work in photography.

Dear Mr. Lindin:

Mr. Leigh has taken up ^P with Mr. Park the question of having an exhibition of Mr. Foggi's work. We should be very glad indeed to have this. Could you tell me when would be a good date? We have an exhibition on our walls at the present time, and another is scheduled to follow this one, so that we do not have a free time much before June 11. I wonder if we could have Mr. Foggi's pictures at that time?

Sincerely yours,

Dear Miss Ogden:

Would you please let Mr. Alfeo Faggi.
know - if the drawings sent from
Andover have arrived safely.
He is rather anxious about the
matter.

Yours sincerely
Carl Eric Lindin.

Mr. Carl Eric Linden
Woodstock, New York

Dear Mr. Linden:

Thank you for your note of June 5. Mr. Park tells me that the drawings have arrived, and were acknowledged to the Museum at Andover. They are to go up on our walls next week. I do not know Mr. Boggi's address and so cannot let him know direct. I should be very grateful, therefore, if you would give him this message.

Sincerely yours,

Gladys Ogden *GO*
