Office of the President

July 9, 1986

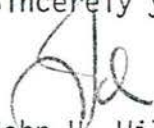

Dear Gene,

I understand that it was you who was primarily responsible for the extremely appropriate and tasteful ceremony we had here when Paul Feeley's "Jack" was given to the College. I know from Becca that you made at least four special trips to the College and the Firehouse to help make decisions and arrangements for the moving and placing of the sculpture. We are all very indebted to you. I thank you for the Community, as well as for myself.

Becca and I have been talking further about your suggestion for corporate support. We would welcome the opportunity to visit again with you about the idea if you are going to be around sometime this summer.

Best wishes.

Sincerely yours,

John H. Williams, II
Interim President
