

March 26, 1942

Miss Constance Bonelli
Radcliffe College
Cambridge, Mass.

Dear Miss Bonelli:

Bennington College is very glad to be able to accept your kind invitation to the Seven College Conference to be held at Radcliffe on April 11 and 12. Our delegates will be Jeanne Gaudy, Chairman of the Central Committee; Marjorie Handwerk, Chairman of the House Council; whose positions might be comparable to the Judicial Board. I will represent the present student government.

I am sure that any subject that the Seven Colleges wish to discuss will be of great interest to our delegates. We would, however, be particularly interested in hearing how these colleges handle student problems in general. Also, a discussion of methods of coordinating the activities of the various groups on the campus and ways of disseminating information to the student body would be of value.

Will you send us more detailed information as to the time and place of this conference.

Very sincerely yours,

Eleanor Metcalf, Chairman
College Council
