Dear Ms. Perron:

I want to thank you for the beautiful catalog of your Bennington College Dance Theatre Exhibition. It is really extraordinarily well done and I am very much impressed. We are grateful to have it and will have it cataloged.

The book or original choreographic notation that I was speaking to you about is called Footnotes and was produced by Jennifer Mascall. It has various kinds of notations created by contemporary choreographers from the 70's, so would not have been perhaps valuable to you. It does have, however, the choreography of Paxton, Trisha Brown, Carolyn Brown, William Dunas, Jeff Duncan, Ann Halprin, Kathryn Posin, Yvonne Rainer, and so on. You might like to look at this volume when you are in the Library again. The classmark is *MGRN + 79-3868.

Warm regards,

Genevieve Oswald
Curator, Dance Collection
