

Commencement, 1936

Suggestions:

- M.Suter: 1. Faculty representatives, facing the silo, could not be heard by the audience.
2. State Trooper at driveway had difficulty making cars turn back. should be sign at the Jennings Drive.
3. Unnecessary to have arrangements for care of children.
4. Needs a better system of tickets for guests.
5. Invitations should have Daylight Saving Time on them.
6. Tickets should be identifiable as to bearer's classification, as Trustee, Parent, etc.
7. Teas for getting parents and faculty together were not successful; people looked slightly miserable.

- HVH: 1. Program and card of admission separated; cards of admission lost and transferred.

Give out invitations freely for guests who cannot come but should be remembered.

Return address on envelope of invitation.

Daylight Saving Time noted on program.

"Not Transferrable" on invitation?

Invitations for Commencement exercises only, and only good in case of fair weather?

When faculty recommended students for degree they turned their backs on seniors and others.

Continuous bell ringing so that people will not clap.

Too hot at noon.
