Dear Wendy Perron,

Nigel Redden passed on to me your letter of 22 January along with the description of the Judson Photography Exhibition.

I would appreciate having some additional information about the exhibition, including if possible: a small selection of slides or copy prints of some of the photographs and posters to be included in the exhibition; the number of running feet you estimate to be necessary for installation; the fee for the exhibition; an estimate of shipping charges; and the dates when the exhibition would be available for showing at the Art Center. In addition, in your letter to Nigel, you mentioned that you are taping interviews with some of the Judson Dance Theatre participants. Will these be available for showing in conjunction with the exhibition?

With thanks, I am

Sincerely yours,

Lisa Lyons
