

Leave Your Legacy

Senior Recommendation Project

Please describe the book, article, film, or other piece of media which you feel has been the most pivotal in shaping the way you work or engage with the world. Your recommendation, along with those of your classmates, will be compiled into a pamphlet to be given to the incoming class: advice from you to them to help them grow here. Your recommendations will also be archived in Crossett Library, and put on display at the beginning of next year as the new class arrives. The library will add your blurbs to book plates in the front of each recommendation.

The survey can be found at <http://goo.gl/forms/RGtC0AUQof>

The deadline to submit a response is April 1st. Please contact raystevens@bennington.edu with questions.
