

Career Development and Field Work Term Office Transition

Bennington College - Provost and Dean's Office <provostanddean@bennington.edu>

Sep 3, 2021

BENNINGTON COLLEGE

TO: Faculty and Staff

FR: Brian Michael Murphy, Dean of the College

I am writing to announce that Faith McClellan is stepping down as Associate Dean of Career Development and Field Work Term to take a position at Smith College as Dean of Career Services.

The integration of work experiences and academics is, always has been, and will remain a fundamental component of a Bennington education. I am grateful to Faith for the vision she has brought to career development, and for the work she and her team have done: expanding FWT to a flexible, year-round model; growing the FWT social change fellowships program; building relationships between the College and employer and alumni networks; and partnering with student groups to create a more inclusive approach to career education.

I am deeply grateful to Faith for her work. Please join me in wishing her well in this new role.

Faith's last day will be September 10. After this date, please direct your immediate questions to Sharon Gonzales, Assistant Director of Field Work Term: fwt@bennington.edu.
