Mr. Michael Hooker  
President  
Bennington College  
Bennington, VT 05201

Dear Michael:

As we have discussed, I wish to give three paintings by the late Paul Feeley to Bennington College for its permanent collection, not to be sold.

According to Helen Feeley Wheelwright, Feeley's widow, these works were painted by Feeley in Carmel, California in the fall of 1950 during a sabbatical from Bennington. They now hang in the rear entryway of my home at the above address.

It is understood that I am to retain possession of the paintings until my death, at which time the College is to take physical possession of them.

They depict a fisherman in a small boat, two hunters with horses and a hawk, and a seated nude. They all approximate 9"x11½" in dimension.

It is with great pleasure that I can insure in this way that these Feeley's will find their proper home.

With kindest regards,

Bob  
(Robert Davis)
