

Student meetings is trying something new and radical: the democratic selection of Saturday night movies. For the past two weeks movie catalogs have been circulated in an attempt to find out what movies people would like to have shown. The result is the list below. Please write the titles of the seven (7) movies you would most like to see on the lines at the end, and we'll try. Put your selections in the box at switchboard. (Write-in ballots accepted.)

sm
