Hi - not wishing to bother you - but -
just to keep you informed re:- Susan
whatever -

I wrote to Dan a month ago with a
definite list of questions which Val at Danes
Umbrella needed answered in order to go
ahead with negotiations here. (It was virtually
the same list that I sent in April of last
year!) - Letter was sent to Clint St address
but we haven't got any answer -

So - have just mailed duplicate of letter
to Dan at Gray Gallery - and for the record
enclose copy for you here - Obviously if
it (the Brit showing) is to happen in the fall
Val needs answers one way or the other -
If its a case of some inner political

Banningway or New York politics which makes it distasteful to involve me in the negotiation (or whatever) - then it's obvious that you should write direct to Val at Dance Umbrella (10 GREEZE ST, LONDON W1V 5LE) - He has the address -

I hope your Fab' concert went well - should be back quite soon enough to do Christmas party gig - but have sent her some film as a gesture! -

Also spiny in Vermont - would be nice!

Cheers,

P.s. Think you had copies of original letter already - yes -
also i did speak with him on the phone March 1st.
