President Louis Jones
Bennington College
Bennington Vt

Dear President Jones:

I have been reading with great interest your catalog for Bennington for 1942-43. I appreciate your sending me this as I like to keep up with your changes. I note that you have Charles Dollard as a member of your trustees. This is a very good appointment. He is an able man. I am happy to see my former student, Leonie Adams, on your faculty, but miss the absence of Gray in literature. I think highly of Peter Drukker whom I see you have appointed. Fromm is also an interesting appointment. Indeed I must say it is quite an exceptional faculty. I think Miss Forsman, whom I also know, is a good person for director of residence.

I also note that you use Political Economy instead of Economics, which is appropriate when you have on your faculty yourself and the author of The End of Economic Man.

My best wishes for your continued success.

Sincerely,

William F Ogburn
