Mr. Peter Drucker
92 Liberty Street
New York City

My dear Mr. Drucker:

Mr. and Mrs. Lewis Jones of our Faculty have told me of their interesting correspondence with you relative to a possible academic connection.

Mrs. Jones has told me recently that you are going to do part time teaching at Sarah Lawrence College this coming year. I now have a proposal for Lectureship at Bennington which I should like to talk over with you if the Sarah Lawrence arrangement is completely made.

I am to be at the Hotel Shelton in New York Wednesday and Thursday and will call you by telephone to see whether it might be worth while our having a talk.

Cordially yours,

Robert D. Leigh, President
