Dear Arlene,

I'm sorry I have not gotten back to you sooner. Yes I received your letter and was very glad to hear that you support the project. I'm sending along the proposal the way it is now. I submitted it to the administration just three days ago, so naturally I haven't heard what they think of the idea yet.

If you read the proposal, you'll notice that we said the exhibit at Judson Church would be the Fall of 1980. All of this is tentative, of course, but maybe it is enough for both of us to start planning. It would be helpful for us to know how much money you think such an exhibit would cost.

I will be in NYC the weekend of the 26-29. Perhaps I can make an appointment to see you during that time (Thurs till Sunday afternoon).

I hope that Al is well. Please give him my best if you speak with him.

Sincerely,

Wendy Ferron
