On the Play . . .

Jump Back was originally written as a children's musical fantasy; and though, since adapted for an older audience, its fundamental theme of transformation remains untouched.

Special Thanks: to Greg Freelon for allowing me to spike the punch at his party.

Director's Note

For everybody whose still faith got them a tailored suit made to fit. I am grateful for having had a glimpse at the virtue of honoring process versus the too familiar celebration of talent. And to Professor Schrock for helping me know the difference.
