TOWER MUSIC PROGRAM

One of the richest sources of original
brass music is found in the German Tower
Music of the Seventeenth Century. The
center of this branch of musical activity
appears to have been in Leipsig. The
local town governments maintained groups
of brass players whose principal duty
was to play twice daily from the balcony
of the Rathaus Tower.

The program for Sunday's performance:

1. Intrada and Paduana by J. H. Schein
(1586-1630).
2. Caprice in F by F. Roberday (1630-
1680)
Allegro non troppo
Andante sostenuto
Moderato militaire
3. Christmas Carols, traditional.
4. Chorale by J. S. Bach (1685-1750)
Puer natus in Bethlehem
Gottes Sohn ist Kommen
Das Neugeborne Kindelein

Trumpets: Mr. Bentley and Mr. Diussa
Trombones: Mr. Bentley and Mr.
LaCroix.

ATTENTION OF SENIORS!

Any student who is graduating this semester or in June, 1951, who is considering graduate study, can find information about available fellowships on file in the Library.

Since many of the closing dates for such applications occur before college is opened in the Spring, it is important that students get their information before they leave college at the close of the semester.

It is still possible to apply for an Ellis Fellowship to do graduate work at Columbia. These fellowships are limited to graduates of Vermont colleges, which means that the competition may not be as keen for them as for some of the others.
