Miss Betty Parsons
Betty Parsons Gallery
15 East 57th Street
New York City

Dear Miss Parsons:

In connection with your letter about the Stamos show, we would like to have about twelve pictures to exhibit during the period November 28 through December 6th. If these dates work out, we'll let you know at the earliest opportunity whether we want them shipped or whether we will pick them up in New York.

I spoke to Mr. Stamos about the possibility of his giving a lecture on some aspects of oriental art. We would be interested in having him do this. The date for that would be Wednesday, December 2nd, at 3 o'clock. As I think I told him when we discussed this, the College pays \$25.00 and traveling expenses.

If he is still interested in doing this, please let us know and we will send details about his getting here, et cetera.

Sincerely,

Paul Feeley

P.S. If this plan for a show and lecture work out, will you please send us any biographical material you think might be of interest.

Plaza 3-3456

Telephoned the Gallery today (Wed. 11/11/53) to find out whether we could have the Stamos exhibition and get Mr. Stamos to give a talk on Dec. 2. Both can be arranged. 11/28-12/6
