Tech Tip of the Week

It can be difficult to keep abreast of current trends in technology, particularly for teaching and learning in higher education. Three good resources for broad trends in educational technology which may be of interest to the Bennington Community are:

1. The Horizon Report, published by the New Media Consortium,
2. The Higher Education Hype Cycle, published by the Gartner Institute, and
3. The 7 Things You Should Know About... series, published by the EDUCAUSE Learning Initiative.

These resources provide a good overview of current and horizon trends specifically as they relate to higher education. Follow the Tech Tip of the Week collection on Google Plus for more information and access to archived tips.
