Store Bills

The Community is growing increasingly negligent in paying Store bills. One of the primary principles of all Cooperatives is that purchases are made on a strictly cash basis. For the convenience of the Community the Store made an exception regarding this principle and extended credit for limited periods. Students receive bills each week and these bills are due at the time they are issued.

In an attempt to provide adequate stock of items which are growing scarce in the markets and to avoid price increases the Store has added considerably to its inventory of goods during the last few months. It is more essential than ever that Store bills are paid promptly so that the Store may meet its obligations for this increased buying. Please cooperate and never permit your Store bill to exceed \$5.00.
