Dance Committee

Informal Dance Friday October 31, 1941: The crowd was not very large but for those who attended the dance was enjoyable.

Informals in general: Only two informals this year led to a demand for more whereas the College was surfeited with three last term. Dances are appreciated more highly when well-spaced.

Formal Dance December 6, 1941: It was suggested that a beer party be held Friday evening December 5 in the center diningroom with some form of floor show, and that the Houses give cocktail parties Saturday evening before the Dance. In House meeting students will be asked for their suggestions in planning the menus for lunch and dinner on Saturday.

Recreation Council Reorganization: Mr Whittinghill suggested that possibly two committees representing the main functions of the Council, Social and Athletic, would be preferable to the present three-committee plan. There should be a definite coordination between these committees and the College Council. Miss Steven mentioned that at present there is not a majority of students in the plans for the College Council and two Recreation Council representatives might remedy this situation. The two committees would meet separately and the heads of them would sit on the Council.

Respectfully submitted
