

**MEMORANDUM**  
**Bennington College**

TO: All Students

FROM: Paul Voice, APC Chair 

SUBJECT: Discussion on Methods of Evaluation

DATE: March 12, 2004

---

The first round of discussions on student evaluation between APC and the student body will take place at **8pm on Sunday March 21**. There will be an announcement early next week regarding exact locations. These meetings will be held in combinations of two or three student houses. This should allow more people an opportunity to participate in discussion. The purpose of this round of meetings is for APC to listen to students' thoughts, ideas and concerns on the form of student evaluation at Bennington College. Another set of meetings will take place once APC has developed a proposal.

Documents detailing the history of evaluation at Bennington and research on how our transcript is received and used in Admissions Offices at graduate schools have been distributed to SEPC reps, Talking Heads and House Chairs. A further ten copies are available on Reserve in the library.

The members of APC look forward to meeting with you.
