**BENNINGTON COLLEGE**

Located in picturesque Southwestern Vermont, Bennington College holds a distinguished place among American colleges and universities. It was the first to include the visual and performing arts in a liberal arts education. It is the only college to require that its students spend a term—every year—at work in the world.

Rooted in an abiding faith in the talent, imagination, and responsibility of the individual, Bennington invites students to pursue and shape their own intellectual inquiries, and in doing so to discover the profound interconnection of things. Learn more at [bennington.edu](http://bennington.edu).
