Dear Mr McCullough & Ms Cumpston,

Herewith questionnaire returned plus photograph. I have chosen this work because it is a piece at present at Shaftesbury, Vermont and therefore transporting it to the College would be easy. However, it is quite a large sculpture if a smaller one is wanted instead there are other works there to choose from. I shall be in USA in late March (Miss Kathy Halbreicht will probably know my whereabouts) by all means contact me then if the organisers would like something different.

Yours sincerely
