Dear Ms. Perron:

This office has been retained by Robert Huot from whom you received a photo. The photograph was taken by Robert Morris and the subject of the same is said Robert Huot in costume from a performance entitled "War." Said performance was presented in the Judson Church of New York City in 1963. This photograph has been valued at \$500.00 and was loaned to you and/or your representative, Daniel Cameron. It was to have been reproduced and the original with negative returned to Mr. Huot. To date, after numerous requests by phone and letter, you have failed to comply. The most recent correspondence (in June of this year) directed you to return the photograph immediately saying that you did not have permission to send the photograph out of the country (as implied in your letter of May 31, 1982 to Mr. Huot). Unless the instant photograph is returned immediately, Mr. Huot will have no recourse but to bring an action against you for damages. He can no longer tolerate any further delay. May I have your immediate response stating the exact location of the photograph and what procedure you intend to follow to have the same returned safely to Mr. Huot.

Sincerely,

COSENTINO AND SNYDER

  
Donald J. Snyder
